DETAILED ACTION

Remarks

This Office action is responsive to applicant's Amendment-After-Final filed July 28, 2004.

Claim Rejections - 35 USC § 112

The rejection of claim 65 is rejected under 35 U.S.C. 112, first paragraph has been withdrawn.

Claim Rejections - 35 USC § 102

The rejection of claims 59, 62 and 65 under 35 U.S.C. 102(e) based on Harris et al. (U.S. Pat. 5,865,417) has been withdrawn.

Claim 59 is noted as amended to incorporate the limitations in claim 63 (now canceled).

Claim 62 is dependent upon claim 59.

Applicant's arguments with respect to claim 65 have been fully considered. The examiner concedes that the membrane [14] is part of the second wafer [22] (refer to Fig. 7) This membrane is a "thin, flexible membrane 14". (col. 5 line 5 Thus, Harris et al. is withdrawn on the basis that the volume of the chamber defined by first and second wafers [20, 22] would not remain relatively constant over the desired temperature range of the one or more devices sealed in the chamber.

Reissue Applications

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-62 and 64-67 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.”

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
